Samaritans national awareness day, 24:7 is on Sunday 24 July.

This year's event is called *Putting the pieces together, 24:7*. More than 115 of the branches across the UK have created artwork representing what Samaritans' service means to them.

Royal College of Art graduate, Grit Hartung, and University of the Arts, Central Saint Martins graduate, Marilou Rabourdin have been commissioned to create artwork using the pieces designed by all of our branches as an inspiration.

You are invited to an exclusive unveiling of the national artwork for one day only, a first glimpse of the national artwork celebrating Samaritans.

Motor insurance company, Admiral, is sponsoring 24:7 for the second consecutive year.
